

## **BAIN CAPITAL PRIVATE EQUITY (EUROPE), LLP**

### **2023 UK TCFD ENTITY REPORT**

#### **Notice:**

The disclosures in this report are prepared on behalf of Bain Capital Private Equity (Europe), LLP (the "**Firm**"), a limited liability partnership registered in England and Wales with registered number OC380135 and authorised and regulated by the Financial Conduct Authority ("**FCA**") with FRN 646654.

This report has been prepared to comply with the Firm's obligations under Chapter 2 of the FCA's Environment, Social and Governance Sourcebook ("**FCA ESG**"). The Firm is part of the wider Bain Capital Group, and this report cross-refers to information which can be found in the [Bain Capital Group's 2024 ESG Report](#), which covers the 2023 period (the "**Bain Capital 2024 ESG Report**").

The Firm acts as sub-investment advisor to its affiliate, Bain Capital Private Equity, LP ("**BCPE**"), in relation to funds advised by BCPE. The Firm may also arrange transactions in relation to such funds. The Firm's Task Force on Climate-Related Financial Disclosures (TCFD) in-scope business therefore covers the provision of "portfolio management services" (as that term is defined in FCA ESG). As sub-investment advisor to BCPE, the climate-related financial risks and opportunities to which the Firm is exposed are principally those relating to the portfolios advised on by BCPE and other Bain Capital Group affiliates. As a result of this inherent interlinkage, climate-related financial risks and opportunities are generally managed and calibrated at the Bain Capital Group level. The Firm's TCFD in-scope business is wholly covered by the Bain Capital 2024 ESG Report.

The reference period for this report and the Bain Capital 2024 ESG Report is 1 January 2023 – 31 December 2023.
